

**Informed Consent From  
Household Head/Spouse Consent  
Study Title: Attitudes and Activities of Adolescents**

Assalamu Alaikum/Adab,

My name is------. I have come from Associates for Community & Population Research (ACPR), Dhaka. Our organization is conducting a survey on behalf of Save the Children (USA), Bangladesh Country Office, Abdul Latif Jameel Poverty Action Lab (J-PAL) at the Massachusetts Institute of Technology and Innovations for Poverty Action (IPA), USA. The objectives of this survey are to know the needs & expectations of the adolescents.

Few days ago, we have listed the households of your area and your household has been selected for the said survey. If you agree to participate in this survey then you will be asked the similar questions again in future. You will neither be looser nor be gainer for participating in this survey. Now I would like to tell you in details about this survey and would like to know that whether you and your household are consenting to participate in the survey or not?

Participating in this survey is totally up to your wish and you have all the freedom not to participate in it too. If you want you can quit yourself from the interview any time.

The objectives of conducting this survey are to know the needs, attitudes and expectations of the adolescents and their families.

If you show your interest to participate in the survey voluntarily, then will ask you about the following topics:

- Information about the educational qualification, economic status, personal & health related matters of all the members of the household.
- Will seek permission to interview all the adolescents of 10-19 years of age ( your daughter, daughter-in-law, maid servant etc.)
- Would like to interview the senior most adolescents boy
- It will take 1 hour to interview you and 1-1 1/2 hour to each of your children

Your family or the people of your area will not be looser for your participation & for allowing your adolescents children to give interview for the survey from the activities conducted by SCF-USA. But it will help to know the needs & hopes/expectations of the Adolescents and will help to formulate our action plan effectively through your and your adolescents participation in the survey.

Confidentiality will be maintained of the information given by you and none will know about it. Your name will never be published in any report. The published result of the

survey will be the compilation of information of thousands of people and the information given by any specific person can not be identified from there.

Please feel free to ask any questions if you have anything about this subjects. Do you have any question/s? You can give your verbal consent or can give your signature, below for you & your family member's participation in this survey.

"I have understood the above mentioned process. I have got the answers as per my satisfaction and have given consent to participate in this survey. A copy of this form has given to me."
